What Can We Learn From *Survivor?*

The TV series *Survivor* is not so much a TV game as it is a laboratory experiment to confirm many forms of psychological and social behaviour when "normal" people are subjected to physical and mental stress.

The Edmonton Chinese Lions Club (ECLC) is honoured to invite Yau-Man Chan, the popular *Survivor Fiji* contestant, to Edmonton to give a talk on "What can we learn from Survivor?" in support of the Youth Emergency Shelter Society (YESS).

The talk is a layman's view, with insider knowledge of how the nastiness of contestants is a mirror on our society.
